AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by June 21, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open

for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of the following:

1. Access CMS' website address at website address at: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Outcome and Assessment Information Set OASIS–E; *Use:* This request is for OMB approval to modify the Outcome and Assessment Information Set (OASIS) that home health agencies (HHAs) are required to collect in order to participate in the Medicare program. The current version of the OASIS, OASIS–D (0938–1279) data item set was approved by the Office of Management and Budget (OMB) on December 6, 2018 and implemented on January 1, 2019. We are seeking OMB approval for the proposed revised OASIS item set, referred to hereafter as OASIS–E, scheduled for implementation on January 1, 2023. The OASIS–E includes changes pursuant to the Improving Medicare Post-Acute Care Transformation Act of 2014 (the IMPACT Act); and, to accommodate data element removals to reduce burden; and improve formatting throughout the document. Subsequent

to publishing the 60-day **Federal Register** notice (87 FR 7457), we removed the GG activity items from the Follow-Up time point which resulted in a decrease in the burden hours. *Form Number:* CMS–10545 (OMB control number: 0938–1279); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 11,354; *Total Annual Responses:* 18,030,766; *Total Annual Hours:* 13,012,051. SUMMARY: The Children's Bureau, Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing to collect additional data for an evaluation of the services provided to child welfare jurisdictions and Court Improvement Programs (CIPs) by the Child Welfare Capacity Building Collaborative. This new data collection is the second part of a data collection effort already underway (OMB #0970–0576, expiration 9/30/2024). This notice details the second group of instruments that will be used for data collection as part of this evaluation.

DATES: *Comments due within 30 days of publication.* OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this

notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. SUPPLEMENTARY INFORMATION:

Description: The Capacity Building Collaborative includes three centers (Center for States, Center for Tribes, Center for Courts) funded by the Children’s Bureau to provide national child welfare expertise and evidence-informed training and technical assistance services to state, tribal and U.S. territorial public child welfare agencies, and CIPs. The Centers offer services including Web-based content and resources, product development and dissemination, self-directed and group-based training, virtual learning and peer networking events, and tailored consultation, coaching, and facilitation (“tailored services”). Centers’ services are being evaluated by Center-specific evaluations and a cross-Center evaluation. *The cross-Center evaluation* examines collaboration among Centers and with federal staff, services delivered by the Centers, service recipient satisfaction with service quality, federal staff’s experiences of assessment and work planning services offered by the Centers, effectiveness of Center services, how Centers apply a common “change

management approach” in their work; what affects child welfare jurisdiction engagement with Center services, and the costs of Center services. *The Center for States’ evaluation* consists of data collection around two research questions focusing on understanding usefulness, relevance, and satisfaction from a stakeholder perspective as well as outcomes of services. *The Center for Tribes’ evaluation* examines the extent to which the Center provides effective, culturally responsive services that meet the needs of tribal child welfare programs, the satisfaction of service recipients with service quality, and service outcomes for tribal child welfare programs and stakeholders. *The Center for Courts’ evaluation* assesses satisfaction with and effectiveness of service delivery; progress toward meeting Center goals and the needs of CIP to promote continuous quality improvement (CQI); and increased knowledge, collaboration, and capacity to improve court performance and child and family outcomes.

An initial set of instruments was approved and are currently in use for these evaluations. For information about these instruments, see: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202105-0970-015. These instruments will continue to be used for data collection through July 2024.

The second group of data sources proposed include (1) a guide for conducting focus groups with teams of child welfare and CIP staff implementing tailored service projects with Center support (one version for use

with states and one version for use with CIP); (2) a protocol to collect interview data from Center tailored service providers (known as Liaisons or Child Welfare Specialists) about their service provision experiences, relationships and interactions with jurisdictions and federal staff, perceptions of their role, and their Centers’ approach to diversity, equity, and inclusion (DEI) services; (3) a protocol to collect interview data from jurisdiction staff implementing tailored service projects about how Centers’ technical assistance addresses diversity, equity, and inclusion; (4) a protocol to collect interview/focus group data from tribal child welfare program staff about strategies and contextual factors associated with achievement of program goals, the capacity to use data for CQI and evaluation, and the outcomes of services delivered by Center for Tribes; and (5) a survey to collect feedback from CIP directors/coordinators about the CIP’s experiences and satisfaction with capacity building services delivered by the Center for Courts, and the perceived impact on CIP capacity.

Respondents: Respondents to the data collection instruments will include (1) child welfare and judicial professionals that receive Center services and (2) Center tailored service providers.
